Call our bereavement support line for people affected by the coronavirus

Our free Bereavement Support Line for People Affected by Covid-19, supported by The National Lottery Community Fund and Children in Need, is available to people living in the districts of Basildon and Thurrock.

If you have lost someone during this pandemic, please call our dedicated line to speak to a member of the specialist bereavement team at St. Luke's Hospice, who will be ready to listen and offer emotional support.

Lines open Monday to Thursday, 1pm - 4.30pm
